Rahul Sharma

B.Tech CSE (Final Year) | Aspiring AI/ML Graduate Student

Contact

Rahul Sharma | Jalandhar, Punjab, India | rahul.sharma.cse@example.com | +91 90000 00000 | github.com/rahul-sharma-ai

Education

B.Tech Computer Science and Engineering, Final Year (2022-2026)

Lovely Professional University, Jalandhar, Punjab

CGPA: 8.2 / 10

Skills

Python, PyTorch, scikit-learn, Pandas, NumPy, FastAPI, Docker, Git, SQL, LangChain, Hugging Face, OpenCV

Projects

- Crop Disease Detector - CNN classifier for leaf diseases (94% accuracy on PlantVillage subset). PyTorch, FastAPI, Docker. github.com/rahul-sharma-ai/crop-disease-detector

- RAG College Assistant - Retrieval-augmented QA chatbot over university handbook PDFs using LlamaIndex + Groq. github.com/rahul-sharma-ai/rag-college-assistant

- Loan Default Prediction - Gradient boosting model, 0.87 AUC; feature importance study. Scikit-learn, Pandas.

Experience

Machine Learning Intern, KritiKal Solutions (Jun 2025 - Aug 2025)

- Built a document QA pipeline (OCR + embeddings) used by 3 internal teams

- Reduced inference latency 40% by batching GPU requests

Achievements

- Smart India Hackathon 2025 finalist (team of 6)

- Kaggle: Titanic top 8%, Spaceship-Titanic bronze medal

- NPTEL: Machine Learning (85%), Programming in Java (82%)

Languages

English (professional), Hindi (native), Punjabi (native)

IELTS: not yet taken | GRE: not taken

Statement

Final-year CSE student from Jalandhar with strong AI projects and internship experience. Seeking fully funded Master's programs in Canada, Germany or Singapore in AI/ML; family cannot afford full tuition fees.
